Going In Alone

Natives

I watch the clock, it helps me slip away
Into a better place
It's where I'll stay the days
I'm miles away from problems that I've had
It's never half as bad
When you think of what you've had
You don't need meand I don't wanna be
Another one beside youCus you're going in
Cus your going and you know you don't need me
Not ever cus you're going in aloneCus you're going in
Cus your going and you know you don't need me
You're going in aloneMy thoughts as they go racing through my head
I could leave them unsaid
But I don"t see the point in that
This somethings got a hold of me
Something it wont let me breathe
I've tried everything just to explain
You don't need me
And I don't wanna be another one beside youCus you're going in
Cus you're going in and you know you don't need me
Not ever cus you're going in aloneCus you're going in
Cus you're going and you know
You don't need me
You're going in aloneYou're going in
You're going alone
You're going in
You're going in on your own
(x2)I'm giving it up and I've let go
I'm giving it up is for all this sorrow
This is all I haveI'm giving it up and I've let go
I'm giving it up and until tomorrow
This is all I haveOh no!Cus you're going in
Cus you're going and you know
You don't need me not ever
Cus you're going in aloneCus you're going in cus you're going and you know you Don't need me not ever cus you're going in aloneYou're going in alone
