

# 5am (feat. Joey XI)

Eljay

[Verse 1]

Girl I know you love it when I need you

Know you in every way

And it feels right

And I pray that you're here to stay

Girl I know you're here when I leave you

But you know I'm on my way

To these dreams, I have to chase, no, no[Pre-Chorus]

But girl it's only you that I'm callin'

Yeah, yeah, yeah, yeah, yeah, yeah

Offer it to you, put my all in

Yeah, yeah, yeah[Chorus]

One love

Come together with two hearts

Multiply that three times

Yeah, for you

Oh no, no, no

One love

Come together with two hearts

Multiply that three times

Yeah, for you

And it's like five in the mornin', girl

And it's like five in the mornin', girl[Interlude]

No, no, no, no, no

No, no, no, no, no, yeah[Verse 2]

Girl I know you love me

You put no one above me

And that's how it should be, yeah

Yeah you love the feelin'

I said yeah you love the feelin'

Legs up to the ceilin', yeah

I know it's been a while, know it's been a while

But you know I'm on my way

To these dreams, I have to chase, no, no[Pre-Chorus]

But girl it's only you that I'm callin'

Yeah, yeah, yeah, yeah, yeah, yeah

Offer it to you, put my all in

Yeah, yeah, yeah[Chorus]

One love

Come together with two hearts  
Multiply that three times  
Yeah, for you  
Oh no, no, no  
One love  
Come together with two hearts  
Multiply that three times  
Yeah, for you  
And it's like five in the mornin', girl  
And it's like five in the mornin', girl
