Totally

Screeching Weasel

Totally cool that your hair is blue
I totally drool when I think about you
Totally neat totally sweet
Totally knocked me off my feet
Totally rad but it's too bad
You're not aware of all my plans
I totally lust when I see you around
The Belmont bus takes me right by your house
Totally neat totally sweet
Totally knocked me off my feet
Totally lame that you won't say
You'll hang out with me every day
I totally love everything about you
