## Screeching Weasel

Totally cool that your hair is blue  
I totally drool when I think about you  
Totally neat totally sweet  
Totally knocked me off my feet  
Totally rad but it's too bad  
You're not aware of all my plans  
I totally lust when I see you around  
The Belmont bus takes me right by your house  
Totally neat totally sweet  
Totally knocked me off my feet  
Totally lame that you won't say  
You'll hang out with me every day  
I totally love everything about you
