

Satellites (Qulinez Remix)

Cash Cash

We are, we are the satellites
All night we keep on moving
We are, we are the lights
Around the world, around the world
Singing

We are, we are the satellites
So high, we keep on moving
We are, we are the lights
Around the world, around the world

All the satellites
Keep on moving We are, we are the satellites
All night we keep on moving
We are, we are the lights
Around the world, around the world Satellites
Satellites

We are, we are the satellites
All night we keep on moving
We are, we are the lights
Around the world, around the world
Singing

We are the satellites
We keep on moving
We keep on moving
We keep on moving We are the satellites
We keep on moving
We keep on moving
