

# Going Home (feat. Josh Tifer)

Michael Barber

Talking intro

â€œIâ€™m about to give you everything you need what you do with that, itâ€™s up to youâ€

They say you canâ€™t go home once you leave the place  
But I ainâ€™t looking for home, Itâ€™s right on my face  
Iâ€™ve been traveling forever on this road  
Trying to unraveling and mold go platinum or gold  
See the show donâ€™t stop, the world still spins  
Even if these DJs donâ€™t give you spins  
Rap or rock? you kind of sound country  
You canâ€™t rap if you donâ€™t make clubs bumpy  
See Iâ€™d rather hear Johnny Cash, than raps about cash  
They say I wonâ€™t last if I donâ€™t rap about money  
Money I donâ€™t have, thatâ€™s funny a catch 22  
So I make my own lane, I got nada to lose  
If you think about life and you think about ashes  
Then maybe Iâ€™m alright without rapping to the masses  
Maybe Iâ€™m alright without my name in the lights  
See Iâ€™m walking home and Iâ€™m getting there tonight

Hook

Iâ€™m going home (Iâ€™m going home)  
On a country road (on a country road)  
Iâ€™m going home (going home)  
On a country road (on a country road)

Verse 2

Back like I never did, maybe never did  
Crazy how much stuff changed since I was a kid  
Use to ride around nothing to do  
Rolled in a crew, hollered at the shorties  
Coon Dog Liquor where I bought my first forty  
Now the crew all gone, life moves on  
Right off of Lincoln use to fish in a pond  
House parties wild, spreading to the lawn  
We all trying to get by, life on the river  
Trucks on routes, trying to deliver  
Riding through they call it stop light city  
No paradise, but the girls seem pretty

Southern accents, and no fake titties

Bud is cheap, and the gas to hi

Clubs are just bars trying to act fly

I sit back, and watch time fly by

Hook

Iâ€™m going home (Iâ€™m going home)

On a country road (on a country road)

Iâ€™m going home (going home)

On a country road (on a country road)
