

Geniuses & Thieves

Gentle Bones

Something bout this mistress
oh she stares right through your skin
Something bout this spoilt guacamole
isn't sheOne for the greatest
one for the greed
One for the many men who deceive
one for the geniuses and thieves
I can't deny, I can't denyThat I fortified my lucid mind
in search of what is real
Your beauty needs no comprehension
far surpassed ideal
(No) held me once, I caved in so do it twice
(No) heard it all, caved in a thousand times(Instrumental)Hold me back, simmer me down
I'm better than before
It's all set, we go running back
the mundane don't hear our callYou're hell of a sadist
waiting to feed.
Tangled me right up to my knees
"Minority", it rings through my ears
I can't deny, I can't denyThat I fortified my lucid mind
in search of what is real
Your beauty needs no comprehension
far surpassed ideal
(No) held me once, I caved in don't do it twice
(No) heard it all caved in a thousand timesMust all bestowed upon you be deserved
I've been at my worst, and so I come to you
and oh I'll find you
for I've been meaning to
and then I,
cave in a thousand times
