August

Sam Weber

Oh my darling
Iâ€™m feeling like a burn out
Iâ€™m lost in a maze that I canâ€™t get out of

Oh my darling
Iâ€™m feeling like a burnout
I work so hard just to make you proud

I love you always
I love you always

Oh my darling
Iâ€™m feeling kind of love sick
Iâ€™m so love sick

Oh my darling
Iâ€™m giving you a promise
Iâ€™ll come home soon, at the start of August

I love you always

Yes you know

I love you always

More and more

I love you always

Near the start of August

I love you always with all of my soul

All of my soul

Of my soul

Feel the love

I love you always

I love you always

I love you always

I love you always

I love you always

I love you always with all of my soul
