Dream City

Free Energy

Hey, we're coming out, dancing downtown
Free like whatever we dream about
And we're moving through the night, cruise across town
Lost in the endless soundAnd the city's alright but the streets are all the same
And you know deep down you can find a better way
Tired of feeling bad so don't you wonder why
You keep telling yourself it's alrightWhen the stars are shinin' on you
When the street lights are far beyond you
When the dream lights are turnin' on
Then you know where you areWhen the stars are shinin' brighter
When your heart is beatin' lighter
When you love without desire
Then you know who you areHey, we're coming out, kids across town
Dream like there's nothing to scream about
And we're riding through the night, trying to get around
In love with the electric soundBut it never feels right and it's never okay
'Cause we know that every night's gonna end some day
Tired of feeling bad but don't you wonder why
You keep telling yourself it's alrightWhen the stars are shinin' on you
When the streetlights are far beyond you
When the dream lights are comin' on
Then you know where you areBut the stars are feeling colder
If you believed in what they told you
You get older and it's over
Do you know who you are?Na, na, na, na
Na, na, na, na
Na, na, na, na
Na, na, na, naNa, na, na, na
Na, na, na, na
Na, na, na, na
Na, na, na, naNa, na, na, na
Na, na, na, na
Na, na, na, na, na
Na, na, na, na, naNa, na, na, na
Na, na, na, na
Na, na, na, na, na
Na, na, naWhen the stars are shinin' on you
When the streetlights are far beyond you
When the dream lights are turnin' on

Then you know where you areAnd the stars are shinin' brighter
And your heart is feelin' lighter
You can love someone without desire
And you know who you are
