Girl Nation

D-A-D

I had a ticket to fly so I boarded a plane
When a combat dressed stewardesses shouted my name
I'm wanted alive yeah, I'm in for a trial
It's minimum mercy 'coz they found my fileHijacked and kidnapped
Trailed and trapped, they fly me in
I'm gonna pay for all of my sins
Now it beginsYeah, I've found place where girls eat men
Now I'm back in girl nation againA girl nation
Female civilization
A girl nation
Female civilizationIt's a female tale, it's hard to use words
But I'm landed and stranded among oysters and birds
Bad bush and dangerous curves
Bad boys get what they deservesWild sisters dancing all night
Round that totem
With a knife to my throat
Round that totem
Yeah, they're chanting the oathSingin' 'bout mama all through the night
Round that totem of the red lightIn girl nation
Female civilization
A girl nation
Female civilizationA girl nation, by interstellar navigation
And sweet female persuasion
Globe trotting to lady land
Back where time beganOne wild second then I was down
One full circle they stood all around
Countin' my bones, waiting to be dead
When a soft lovin' hand lifted my headTender lips kissin' my chin, whisperin'
Honey, where have you been?In girl nation
Totem of the red light
Female civilizationIn girl nation
Totem of the red light
It's a female civilizationGirl nation, totem of the red light
By interstellar navigation
And sweet female persuasionGlobe trotting through lady land
Back where time began
In girl nation
