

# Hurricane

## Panic! at the Disco

Are you worth your weight in gold?  
'Cause your behind my eyelids when I'm all alone  
Hey stranger, I want ya to catch me like a cold  
You and God both got the guns, when you shoot I think I'd duck I led the revolution in my bedroom  
And I set all the zippers free  
We said no more war, no more clothes  
Give me peace, oh, kiss me Hey, hey, we are a hurricane, drop our anchors in a storm  
Hey, they will never be the same, a fire in a flask to keep us warm  
'Cause they know, I know that they don't look like me  
Oh, they know, I know that they don't sound like me You'll dance to anything  
You'll dance to anything Oh I confess, I confess, in a room where I'm blessed  
But he didn't come and speak to me or put my heart at ease  
And I believe that half the time  
I am a wolf among the sheep, gnawing at the wool over my eyes I led the revolution in my bedroom  
And I set all the zippers free  
We said no more war, no more clothes  
Give me peace, oh, kiss me Hey, hey, we are a hurricane, drop our anchors in a storm  
Hey, they will never be the same, a fire in a flask to keep us warm  
'Cause they know, I know that they don't look like me  
Oh, they know, I know that they don't sound like me You'll dance to anything  
You'll dance to anything  
You'll dance to anything  
You'll dance to anything Fix me or conflict me  
I'll take anything  
Fix me, or just conflict me  
'Cause I'll take anything Hey, hey, we are a hurricane, drop our anchors in a storm  
Hey, they will never be the same, a fire in a flask to keep us warm  
'Cause they know, I know that they don't look like me  
Oh, they know, I know that they don't sound like me You'll dance to anything  
You'll dance to anything
