

If You Wanna Get Down

Joey Lawrence

With the girls out tonight
Getting yourself rested for Mr.Right
He's out there, waitin' for you
Gettin' on the dance floor is the thing to doRight here, right now is the perfect time
To let it flow and work it down the line
It ain't no crime pull it tight
So let it flow and do it all nightIf you wanna get down you better get up
Ya gotta get that girl thing movin'
Wanna get down, you better get up
Ya gotta make that boy thing swingWanna get down, you better get up
Ya gotta get that girl thing movin'
Wanna get down, you better get up
Ya gotta make that boy thing swingOnce you start it's hard to stop
That kickin' motion puts you on top
So keep on groovin', shake it down
Move on in and swing your hips aroundRight here, right now is the perfect time
To let it flow and work it down the line
It ain't no crime pull it tight
So let it flow and do it all nightIf you wanna get down you better get up
Ya gotta get that girl thing movin'
Wanna get down, you better get up
Ya gotta make that boy thing swingWanna get down, you better get up
Ya gotta get that girl thing movin'
Wanna get down, better get up
Ya gotta make that boy thing swingWanna get down, better get up
Wanna get down, gonna get around, baby
Wanna get down, better get up
Wanna get down, gonna get around, babyWanna get down, better get up
Wanna get down, gonna get around, baby
Wanna get down, better get up
Wanna get down, gonna get around, babyC'mon, one, two, three, four, ooh, baby
Right here, right now is the perfect time
To let it flow and work it down the line
It ain't no crime pull it tight
So let it flow and do it all nightIf you wanna get down you better get up
Ya gotta get that girl thing movin'
Wanna get down, ya better get up
Ya gotta make that boy thing swingIf you wanna get down you better get up
Ya gotta get that girl thing movin'

Wanna get down, ya better get up
Ya gotta make that boy thing swingWanna get down, better get up
Wanna get down, baby, gonna get around, baby
