

Happy!

Jennifer Gasoi

When I laugh, when I smile,
when I breathe for a little while.

When I glow, when I know,
that what you reap is what you sow.

I feel happy, happy happy happy,
happy happy happy, happy happy me.

I feel happy, happy happy happy,
happy happy happy, happy happy me.

When I jump, when I fly, when I feel,
when I cry.

When I live the life I wanna live,
when I take a little less than I give.

I feel happy, happy happy happy,
happy happy happy, happy happy me.

I feel happy, happy happy happy,
happy happy happy, happy happy me.

And when I'm feeling blue,
the sun's rays are shining through,
if I just wait patiently,

all the answers will come to me.

And I feel bum bum bum buda buda bum,
bum buda bum bum buda bum da bum

2 3 4, I like it so much I'll do it some more,
bum bum bum buda buda bum,
bum buda buda bum

When I play, when I say, a loving word to
someone everyday.

When I dance, the way I wanna dance,
when I step out of the box, take a chance.

I feel happy, happy happy happy,
happy happy happy, happy happy me.

I feel happy, happy happy happy,
happy happy happy, happy happy me,
happy happy you, happy happy we.
