

Slave

Yeah Yeah Yeahs

It eats your soul, like tears you fall, my slave
You steal, you heed the call, my slave
The keys, the keys are gone, my slave
You keep me beating on It eats your soul, like tears you fall, my slave
You steal, you heed the call, my slave
You keep me, you keep me, your slave
You keep me, you keep me, your slave On my own
You keep me, you keep me
On the throne
Heads down all day
On my own
You keep me, you keep me
On the throne
Heads down all day You keep me, you keep me, your slave
You keep me, you keep me, your slave Come feed on your love
Come feed on your love
Come feed on your love
Come feed on your love
