Lasso

Phoenix

Where would you go? Not long ago
I've been thinking out loud why so suddenly?
Don't you know? Don't do it
What you do, oh what you do to meForever is a long, long time when you've lost your way
Trying to follow your ideal
Oh sorry but your so called life it is such a wasteWear your real eyes
No, you don't realize
What you say yes to
But you say yes toWhere would you go
Where would you go with a lasso?
Could you run into, could you run into
Could you go and run into me?Where would you go
Where would you go tied up to a lasso?
Could you run into, could you run into
Could you go and run into me?So lonely, so pretty such a lack of diplomacy
You can't get out
Don't you know, don't do it
What you do, well you should do to meFar out, so far out, such a fallout
Not only that you're lonely
Don't matter if you're not so well
No, you're not so wellWhere would you go
Where would you go with a lasso?
Could you run into, could you run into
Could you go and run into me?Where would you go
Where would you go tied up to a lasso?
Could you run into, could you run into
Could you go and run into me?Wear your real eyes
No, you don't realize
What you say yes to
But you say yes toForever is a long, long time when you've lost your way
Forever is a long, long time when you've lost your way
