Lazy Eye

Silversun Pickups

I've been waiting
i've been waiting for this moment all my life
but it's not quite rightin this 'real'
it's impossible if possible
at who's blind word
so clear but so unheardi've been waiting
i've been waiting for the silence all night long
it's just a matter of timeto appear sad
with the same 'ol decent lazy eye
fixed to rest on you
so clear but so untrueeveryone's so intimately rearranged
everyone's so focused with such shineeveryone's so intimately rearranged
everyone's so focused with such shinelocked and loaded
still the same 'ol decent lazy eye
straight through your gaze
that's why i said I relate
i said we relate
it's so fun to relateit's the room the sun and the sky
it's the room the sun and the skyi've been waiting
i've been waiting for this moment...
