

I'm Yours and I'm Hers

Johnny Winter

You know I'm yours and I'm hers
Somebody else's too
Ah yeah
You know I'm yours and I'm hers
Somebody else's too
You know I'm two-times seven mamas
Do just what I wanna do Baby be my lemon squeezer
When man I'm lost uptown
Be my lemon squeezer
When man I'm lost uptown
Ah squeeze my lemon baby
'Cause you know I'm a stranger
I wanna know what's going down Want to tell you, woman
Want you all to understand
Ah, listen mama
Gonna tell ya, woman
Want you all to understand
You know I can love you, mama
Better than your steady man
