im addicted (yeah)

addicted to your loving (oh nah)

im conflicted (yeah)

i dont care where the fault is (oh Nah)

i chill with a bottle cause love is a battle

i swear from now on its just me and ciroc,

cuz she went bananas i dont know whats wrong with her

speak on her everyday we on the block,

my niggas sopranos they dont wanna hear it,

so im just holding this shit in my spirit,

u got me shooting at niggas for nothing,

how did u get me here all of sudden,

i was never supposed to be trusting you,

i was never supposed to be fucking you,

(damn)

why did u tear me apart

why did u have so much hate in heart

i was only gone kiss on your bruises baby,

beggers can never be choosers baby,

100% i'd be choosing you,

if it wasnt for how you abusing you,

cuz u kick all the people who love me away,

i've never been one who can get u to stay,

cuz u tell me a lie then i tell u goodbye,

then i pour me cup just to get thru the day,

down on my pride at the end of the night

so i roll me a blunt just to get thru the night,

a week has gone by and this shit is the same,

im pouring these spirits on top of some ice, (yeah)

down on my pride at the end of the night,

so i roll me a blunt just to get thru the night,

come down
come down
come down
come down
come down

i dont wanna come down

i dont wanna come down

i know

i know
i know
i know
i know

it might be wrong but i dont wanna come down

i dont wanna come down

it might be easier to plead the 5th

then stay here in this limbo love

dont look surprised

(dont look so surprised)

cuz even if i had a choice

i would still pick u,

its only you

its only you

2x
im addicted (yeah)

addicted to your loving (oh nah)

im conflicted (yeah)

i dont care where the fault is (oh Nah)
