Let You Go

TBA

I didn't know, somebody surprised me
Alarmed, alarmed
Somebody has made it
This far, this far
I don't wanna let you go
I don't wanna let you go
You know it's so, it's so hard
I don't wanna let you go
I don't wanna let you go
'Cause it's far, to far
And if somebody tells you
You're not enough
If somebody tells you
You're not good enough
If somebody tells you this
It isn't just
Yes, I'm burning up
And I'm calling all the bluffs and
I don't wanna let you go
But if the weather changes, I can't mind
And I don't wanna give you up
But I just might this time
Hope the new grass you seek
Is greener than the greenest green
And if it's not or if it is, I just hope you'll be
At peace, at least, at least, goodbye
So go ahead
Compare the petty issues
To all the awesome days
Somebody is waiting
Too long to stay awake
I don't wanna let you go
I don't wanna let you go
You know it's so, it's so hard
I don't wanna let you go
I don't wanna let you go
'Cause it's far, to far
And if somebody tells you
You're not enough

If somebody tells you
You're not good enough
If somebody tells you this
It isn't just
Yes, I'm burning up
And I'm calling all the bluffs
I don't wanna let you go
But if the weather changes, I can't mind
And I don't wanna give you up
But I just might this time
Hope the new grass you seek
Is greener than the greenest green
And if it's not or if it is, I just hope you'll be
There is a beautiful ending
But you're never gonna read the book
I know you won't, I know you won't
There's a magical ending
But you're never gonna read the book
I know you won't, I know you won't
And I don't wanna let you go
But if the weather changes, I can't mind
And I don't wanna give you up
But I just might this time
Hope the new grass you seek
Is greener than the greenest green
And if it's not or if it is, I just hope you'll be
At peace
Walk away, I know it hurts
Don't be afraid and know your worth
Just walk away, I know it hurts
