

Always Near You / Nowhere to Hide

Gene Simmons

I've just begun since you've gone
To understand I'm the only one
And if you cross yourself at night
I'll come and see you, don't run an' hide I'm always near you
I'm always near you, near you And if you turn out the light
Don't think you'll hide behind the night
And if you touch me, I might
Might come and see you, don't run an' hide I'm always near you
I'm always near you, near you I've just begun since you've gone
To understand I'm the only one
And if you cross yourself at night
I'll come and see you, don't run an' hide I'm always near you
I'm always near you, near you Don't try to hide, you'll be the only one
I said, "Don't try to hide", you'll be the only one
Don't try to hide, you'll be the only one
I said, "Don't try to hide", you'll be the only one Ev'ryone, oh ev'ryone, oh ev'ryone
Ev'ryone, oh ev'ryone, ev'ryone
Everyone, oh everyone
