

# All My Life

Evan Dando

Just look for sunshine  
To burn in full time  
To be filled with hatred  
For the time I've wasted  
And I'm so impatient  
For a new sensation

God knows what I thought I'd do  
I bit my own sweet heart in two

All my life  
I thought I needed all the things I didn't need at all  
My life  
I thought I wanted all the things I didn't want at all

Just to hold my heart beat  
In a box by my feet  
To be filled with glory  
To speak a story  
Can you feel the thunder  
From the cloud I'm under

God knows how will I get through  
I bit my own sweet heart and blew it

All my life  
I thought I needed all the things I didn't need at all  
My life  
I thought I wanted all the things I didn't want at all  
My life I thought I needed all the things I didn't need at all

All my life  
I thought I needed all the things I didn't need at all  
My life I thought I wanted all the things I didn't want at all  
My life I thought I needed all the things I didn't need at all  
My life I thought I wanted all the things I didn't want at all
