

Do You Remember

Aaron Carter

Oh yeah, oh oh
Remember we'd be up all night
Talking 'til the morning light, yeah
Like the way it used to be
Those simple days, just you and me
I tell ya baby I know what's on your mind
'Cuz you look like you've got something to say, yeah
I may not say those words anymore
But maybe it just ain't my way
You ask me do I love you but
Do you remember why I walked on water for you?
Do you remember my first steps on the moon?
Have you ever wondered why I gave three wishes to you?
You asked the question but the answer lies in you, in you
The answer lies in you, yeah
Remember we used to laugh and say
No one understood our way
And there were times when you would cry
While knocking on my door
And I was there to shelter your pain, oh
I feel you baby so get that off your mind
We can make it to a brighter day
I may not say those words anymore
But maybe I can make it my way, yeah ooh
You ask me do I love you but
Yeah yeah oh oh
First steps on the moon?
Have you ever wondered why I
You asked the question but the answer lies in you, in you
The answer lies in you
The answer girl lies within your heart
Please take a look inside
You ask me do I love you but
Do you remember baby
My first steps on the moon
Have you ever wondered why
Answer lies in you
My first steps on the moon
Gave three wishes to you

You asked the question but the answer lies in you
Oh oh in you, in you, yeah
