

Marshal Dear

Savages

I hope you're breathing you last breath

Marshal Dear

And you will die, you will die soon

I give you a quarter of an hour

Oh Marshall Dear

Can't see I'm winning

Can you hear me now

Silence yourself

Silence yourself

Silence yourself

Silence yourself

There are suicides in every dreams

Oh Marshal dear

Even more when the army's on its knees

Crowds grow crazy and fire

Oh marshal dear

Can't you see we're losing

Can you hear me now

Silence yourself

Silence yourself
