Thinking About You

Alex Aiono

How do I face this
Everything's changing
On a "no talk" basis
And I can't take no more
All of these spaces
Slowly replacing
All the things that made us
When you walk out that doorIt's like the quarter that you lost in the space
right between the side door and the front seat of your car
So close but you're so far
So close but you're so far
I'm thinking about you
I've been up, I've been down, I've been lost, sleeping 'round
Thinking about you
Waking up on the couch,
just like bed, doesn't feel right without you (yeah)
I've been up, I've been down, I've been lost, sleeping 'round
Thinking about you
Thinking about youOut of the silence
I'd rather be fighting
At least I see your eyes when
I push you too far
And now I'm realizing
Everything I did
Used to be my right hand
But now you're way too far
It's like the quarter that you lost in the space
right between the side door and the front seat of your car
So close but you're so far
So close but you're so farI'm thinking about you
I've been up, I've been down, I've been lost, sleeping 'round
Thinking about you
Waking up on the couch,
just like bed, doesn't feel right without you (yeah)
I've been up, I've been down, I've been lost, sleeping 'round
Thinking about you
Thinking about youI can't function, I feel nothing
I wake up and think about you
Wish that I can switch the subject

Think of something else but you, oh
Wish I could cut you off but I'm too involved
These pictures on my phone feeling like
you're so close but you're so far, yeah
So close but you're so farI'm thinking about you (yeah)
I've been up, I've been down, I've been lost, sleeping 'round
Thinking about you (yeah)
Waking up on the couch, just like bed, doesn't feel right without you
I've been up, I've been down, I've been lost, sleeping 'round
Thinking about you
Thinking about youI'm thinking about you (you)
I've been up, I've been down, I've been lost, sleeping 'round
Thinking about you (yeah)
Waking up on the couch, just like bed, doesn't feel right without you
I've been up, I've been down, I've been lost, sleeping 'round
Thinking about you
I'm thinking about you
