

No Tomorrow

[Sam Bailey](#)

No Tomorrow

Took sometime but Iâ€™m here to stay
Look what youâ€™ve done for me
All thatâ€™s become of me
Thanks to you I know who I am
You help me understand that you have to find yourself
And all you findâ€™s you man

From now on Iâ€™m gonna try and love you like thereâ€™s no tomorrow
I canâ€™t help it if I love you like thereâ€™s no tomorrow
When I needed a miracle you came shining through
And when tomorrow comes baby Iâ€™ll be loving you
Yeah

You were there somewhere in my soul
Lighting the way for me
Facing each day with me
I found out when the stars align
Lucky me youâ€™re mine
I donâ€™t wanna waste a minute after all this time

From now on Iâ€™m gonna try and love you like thereâ€™s no tomorrow
I canâ€™t help it if I love you like thereâ€™s no tomorrow
When I needed a miracle you came shining through
And when tomorrow comes baby Iâ€™ll be loving you
Yeah
Oh yeah

When I needed a miracle you came shining through yes you did
And when tomorrow comes baby Iâ€™ll be loving you
Iâ€™m gonna love you like thereâ€™s no tomorrow
Iâ€™m gonna love you like thereâ€™s no tomorrow
