Lovely

Sara Haze

I don't wanna be her
I just want to be little old me
Shouldn't have to think
Who am I suppose to be today
And what give you the right
To tell me who I should be
Who gave you that right
Cause I, I feel lovely
Just the way that I am
Yes I feel lovely
The way that I am
I know you want the best
Yeah only good things for me
But you have to realize
I can be all these things you project on me
Cause I'm beautiful to me
Doesn't that mean a thing
I feel lovely
Just the way that I am

Yes I feel lovely
The way that I am
I need that to be enough for you
Need that to be enough for you
Cause it's enough for me
It's enough for me
I'm I suppose to give up everything I am
Just to make you happy
I thought I was the one you
Always wanted me to be
It turns out I'm just little old me
I'm just little old me
And that's fine by me
Cause I, I am lovely
Just the way that I am
Oh yes I am,
Yes I am lovely
The way that I am
I am lovely lovely

I am lovely
