Neon Syrup For The Cemetery Sisters

Black Moth Super Rainbow

I love the summer,
You love the flowers,
I miss the summer,
You are my flower,
You're days are now gone,
They're moving too slow,
The here for the dares,
You're melting away,
You're days are now gone,
They're moving too slow,
The here for the dares,
You're melting away,
I love the summer,
You love the flowers,
I miss the summer,
You are my flower,
You're days are now gone,
They're moving too slow,
The here for the dares,
You're melting away,
You're days are now gone,
They're moving too slow,
The here for the dares,
You're melting away,
