

# Just Me & You

## Bobby Valentino

Just me and you, ooh baby  
Just me and you, just the two  
Just me and you, ooh baby I knew when I met you, you were special  
'Cause no ordinary love can make you feel this way  
You took a while to get to know me  
I can't wait so I could show you that I ain't tryin' to play no games So I'm nominating you 'cause I only want  
you  
Tell me what you want to do?  
I'll be everything you want me to  
Just me and you, just me and you Don't worry about this, don't worry about that  
Don't worry about nothing  
(We don't need nobody else)  
Just me and you, just me and you Don't worry about this, don't worry about that  
Don't worry about nothing  
(We don't need nobody else) Holding hands in the park, picnics under the stars  
Make a wish and I'm gonna make it true  
My heart belongs to you, it ain't a thing I wouldn't do  
Just to prove how much I feel for you So I'm nominating you 'cause I only want you  
Tell me what you want to do?  
I'll be everything you want me to  
Just me and you, just me and you Don't worry about this, don't worry about that  
Don't worry about nothing  
(We don't need nobody else)  
Just me and you, just me and you  
Just the two Don't worry about this, don't worry about that  
Don't worry about nothing  
(We don't need nobody else)  
Just me and you Move that thing over  
And baby, don't worry  
Don't worry about nothing else Don't worry about this, don't worry about that  
Don't worry about nothing  
Don't worry about nothing  
Just me and you Don't worry about this, don't worry about that  
Don't worry about nothing  
Just me and you, just me and you  
Just me and you
