High and Mighty

Ben Darwish

Listen to the sounds when you'reLiving high and mighty
Living high and mighty
Living high and mighty
Yeah, yeah, yeah, yeahLiving high and mighty
Living high and mighty
Living high and mighty
Yeah, yeah, yeah, yeahLiving high and mighty
Living high and mighty
Living high and mighty
Living high and mighty
(Yeah, yeah, yeah)Living high and mighty
Living high and mighty
Living high and mighty
Living high and mightyHow do you see yourself inside your mind?
Do you ever catch yourself, step out of time?
If I had a dollar every time I tried
I'd be living high and mightyHow do you see yourself inside your mind?
Who do you look at when you close your eyes?
If I had a dollar every time I cried
I'd be living high and mighty
Yeah, yeah, yeah, yeahLiving high and mighty
Living high and mighty
Living high and mighty
Living high and mighty
(My mind, my mind, my mind)Living high and mighty
Living high and mighty
Living high and mighty
Living high and mighty
(Yeah, yeah, yeah)
My mind, my mind, my mindThen I guess it wouldn't be so bad without you
Wouldn't even mind the things that you do
Wouldnt walk away all steamy, cool
I'd be living high and mighty
Yeah, yeah, yeahLiving high and mighty
Living high and mighty
Living high and mighty
Living high and mighty
(Yeah, yeah, yeah)Living high and mighty
Living high and mighty

Living high and mighty
Living high and mighty
(My mind, my mind, my mind)Listen to the sounds when youreI keep a coat rack by my bed
Up against your closet and next to my head
Didn't mean to trap your clothes
Keep the door blocked, closedSo, you can't get in and I can't get out
Sink into my pillow and dream what it's about
To be living high and mighty
To be living high and mighty
Yeah, yeah, yeah(My mind)
Living high and mighty
Living high and mighty
(My mind)
Living high and mighty
Living high and mighty
(My mind, my mind, my mind)Living high and mighty
(My mind, my mind, my mind)
Living high and mighty
Living high and mightyLiving high and mighty
Living high and mighty
Living high and mighty
Living high and mighty
(I'd be living high and mighty)Living high and mighty
(I'd be living high and mighty)
Living high and mighty
Living high and mighty
(I'd be living high and mighty)
Living high and mightyLiving high and mighty
Living high and mighty
(My, my, my mind)
Living high and mighty
Living high and mighty(My mind)
Living high and mighty
(My mind)
Living high and mighty
Living high and mighty
Living high and mightyAnd keep the door blocked, closed
Yeah, yeah, yeah
My, my, my
Yeah, yeah, yeah
