

# Living in Fast Forward

## Kenny Chesney

The body's a temple; that's what we're told  
I've treated this one like an old honky-tonk  
Greasy cheeseburgers and cheap cigarettes  
One day, they'll get me if they ain't got me yet

[Chorus]

'Cause I'm living in fast forward  
A hillbilly rock star out of control  
I'm living in fast forward  
Now I need to rewind real slow

My friends all grew up; they settled down  
Built nice little houses on the outskirts of town  
They work in their office, drive SUVs  
They pray for their babies, and they worry 'bout me

[Chorus]

I'm always runnin'  
Son-of-a-gunnin'  
I've had a good time, it's true  
But the way I've been goin'  
It's time that I toned it  
Down just a notch or two

Oh yeah

Well, I'm living in fast forward  
A hillbilly rock star out of control  
I'm living in fast forward  
Now I need to rewind real slow

Yeah, I'm living in fast forward  
A hillbilly rock star out of control  
I'm living in fast forward  
Now I need to rewind real slow

Yeah, I need to rewind real slow  
Yeah, I still got some miles to go
