Erotic Robotic

Marmaduke Duke

It's a level explosion in our empty bed
It's nice to be exploited and be elegantly dead
It's nice to be chosen when the tragedy strikes
We're draggin' and at most we don't need to be liked

Level explosion in our empty bed
It's nice to be exploited and be elegantly dead
It's nice to be chosen when the tragedy strikes
We're draggin' and at most we don't need to be liked

Erotic robotic despite the accent we're Scottish
Erotic robotic despite the accent we're Scottish
Erotic robotic despite the accent we're Scottish
