Heart To Yours

Michelle Williams

Before time was, You were
And when it's over, You will be my everything
You fulfill my needs
And every morning, You are the sunlight for meYou are of everything to me
You're in every breath I breathe
All of the love I ever need
From my heart to YoursYou are in everything I do
That's why I keep running to You
All of the words I say are true
From my heart to YoursBefore You created Heaven and Earth
You held me in Your heart
You saw mistakes that I would make
And You planned ahead a road for escapeYou are of everything to me
You're in every breath I breathe
All of the love I ever need
From my heart to YoursYou are in everything I do
That's why I keep running to You
All of the words I say are true
From my heart to YoursI just wanted to tell You how I feel
From my heart to Yours, oh I love You, yes I doBecause You showed Your love to me
You gave Your life, oh
It was the ultimate sacrifice
And You did it all for meYou are of everything to me
You're in every breath I breathe
All of the love I ever need
From my heart to YoursYou are in everything I do
That's why I keep running to You
All of the words I say are true
From my heart to YoursYou are of everything to me
You're in every breath I breathe
All of the love I ever need
From my heart to YoursYou are in everything I do
That's why I keep running to You
All of the words I say are true
From my heart to YoursYou are of everything to me
You're in every breath I breathe
All of the love I ever need
From my heart to YoursYou are in everything I do
That's why I keep running to You

All of the words I say are true
From my heart to Yours
