

# The Chance

## Hundred Reasons

When everything eternal  
Seems to fade to nothing  
I try to counterbalance  
If only to see it through What have you got to offer?  
I don't think I'll take it for granted  
I'll simply sit here vacant  
Resting, waiting, hoping to be found This is the chance I've taken  
But only this once Your begging and choosing  
Always seems to go unnoticed  
We don't deserve the lie  
So just for a moment be honest Whatever you have to offer  
I'll try to protect it  
Correct me if I am wrong  
But I think you are always on my side We will try to make the most of it somehow
