The Landscape Is Changing

Depeche Mode

The landscape is changing, the landscape is crying
Thousands of acres of forest are dying
Carbon copies from the hills above the forest line
Acid streams are flowing ill across the countryside'Cause I don't care if you're going nowhere
Just take good care of the world
I don't care if you're going nowhere
Just take good care of the worldNow we're rearranging there's no use denying
Mountains and valleys can't you hear them sighing?
Evolution, the solution, almost certainty
Can you imagine this intrusion of their privacy?'Cause I don't care if you're going nowhere
Just take good care of the world
I don't care if you're going nowhere
Just take good care of the worldToken gestures, some semblance of intelligence
Can we be blamed for the security of ignorance?'Cause I don't care if you're going nowhere
Just take good care of the world
I don't care if you're going nowhere
Just take good care of the worldI don't care if you're going nowhere
Just take good care of the world
