Prayer

World Entertainment War

This is the ultimate prayer
For anybody who cares to believe
That this is a perfect moment

And this is a perfect moment
And this is a perfect moment
And we love you more than we love you

Let me hear you say yaya
Let me hear you say yaya lala
Let me hear you say yaya lala gaga
Let me hear you say yaya lala gaga
Mama papa haha

You can have anything you want
If you'll only ask for it
In an unselfish tone of voice
Take back the airwaves
Take back the airwaves
