Take A Lick

Akinyele

Who A K, Akinyele, ya he came to London
I took him around and shit and he was nice
I was going to fuck him
No, I really was going to fuck him
But I didn't, I wanted to fuck him though
I was gonna give him some of this pussy
But he started talking some wild shit
He said, "Oh yes you will be licking my dick tonight"
Oh no, I motherfucking won't
I was laying in the bed like give me some head
She said when it coming out black uh uh you dead
I don't suck dils, I was looking at the chick like bitch ill
What the fuck the deal
Do you really feel if you don't begin at nil
You would add sex appeal well I feel
Oh yes, you will be licking my dick tonight
My zipper went zip, I put my pants to my hips
She put her thumbs up like the father said sss
I was like shit, I dislike her
She got her thumbs in the air like a hitchiker
Ready to fight her but instead I chill
I looked her in the grill and said
Oh yes, you will be licking my dick tonight
Oh no, I motherfucking won't
Ha yo, I pick my kind of steady booker
I put my nuts by your chin so when you look up
I be on top of you doing Bobby Brown push ups
When you give me head lift your toosh up
When I said, what I said
You should of seen her whole face pushed up
She said huh what ill
Oh yes, you will be licking my dick tonight
I won't be doing that shit never done it before
No I'm not doing it get your hands off my head
Move it out of my face, I don't believe in that shit
You're asking me, I won't do it
Oh yes, you will be licking my dick tonight
Oh no, I motherfucking won't
You would swear that she want it

From the way you kissed my stomach
Huh, I couldn't wait to start coming from it
Imagine it she doing it like she getting blunt it
You know French kiss and put the tongue on it
And then she stopped and I was like doggone it
Stop acting scared like my house haunted
Oh yes, you will be licking my dick tonight
I said boo do me and I'll do you
She said okay go first and I'll do you
Well, I do lick the pussy and you do lick the dick
And I do, do, do, do, do, do, do, do
If this is true, I'd do anything for you
Then I guess, oh yes, you will be licking my dick tonight
No no, I motherfucking won't
Licking the dick or licking the clit
If we do it together we on some 69 shit
Licking the dick or licking the clit
I know mad chicks act like they don't lick dick
Licking the dick or licking the clit huh if I had to pick
Oh yes, you will be licking my dick tonight
I don't do that, I've never done it
I won't be doing that shit
Don't be trying it, move, I ain't sucking it
Oh yes, you will be licking my dick tonight
Oh no, I motherfucking won't
Ha to all my dick suckers in the house, what up
And all my clit lickers in the house, what up
To all my dick suckers in the house, what up
And all my clit lickers in the house, what up
You know this is straight up cunt language type shit, shit
Shit, oh yes you will be licking my dick tonight
