

# Alot to Lose

## Tesla

(Keith, Hannon, Wheat) I thought I saw the light, was it real or something I'm imagining  
I thought I saw the light, if it was then tell me, did you see it too  
Did you see the light, if you did now tell me, could you feel it too  
Hey I saw the light, yeah tell me that you saw the light I don't know why I even do it, all I know is I'm so glad  
We always make it through it, one way or another  
We're gonna make it or break I got alot of love for you, I guess that means I got alot to lose  
I got alot of love for you and only you I don't know how we even do it, all I know is I'm so glad  
We always make it through it, one more time now baby Got me two times a wife, just like my mother  
She's there to love and understand  
Got me two times a wife, she really does have a touch just like no other hands  
The sparkle in my eye, too many times I left her there alone at night  
The way you light up my life, yeah your love is two times as nice I don't know how we make it through it, all I  
know is I'm so glad  
We always seem to do it, one way or another  
We're gonna make it or break I got alot of love for you, I guess that means I got alot to lose  
I got alot of love for you and only you  
I got alot of love for you, I do, and that's the way it should be I don't know why we even do it, all I know is I'm  
so glad  
We always make it through it, one more time now friend [Solo] I got alot of love for you, I guess that means I got  
alot to lose  
I got alot of love for you and only you and nobody else but you  
I got alot of love for you, I guess that means I got alot to lose  
I got alot of love for you and only you and no one else but you my friend  
Oh, nobody else but you my friend (I got a lot of love for you) I got a lot, I got a lot, a lot of love for you  
(I got a lot of love for you) I do, oh I feel I got a lot to lose
