

# Maria Lionza

## Devendra Banhart

Let's drink a toast to that strange old feeling  
That this is a moment without any meaning  
This is a moment without any meaning Let's make the most of when we stopped believing  
Love is the only thing truly worth grieving  
Love is the only thing truly worth needing Maria Lionza  
Lady hand me real arrows Who do you love  
The lover you can't forget  
Who do you love  
Or the lover you haven't met Who do you love  
The lover you can't forget  
Who do you love  
Or the lover you haven't met
