Bring the beat back don't believe to hype

Bring the beat back don't believe to hype
Its a jam and I do what I like Bring the beat back don't believe to hype
Bring the beat back don't believe to hype
Bring the beat back don't believe to hype
Its a jam and I do what I like Bring the beat back don't believe to hype
Bring the beat back don't believe to hype
Bring the beat back don't believe to hype
Its a jam and I do what I like Listen to my voice and start to dance
I promise you this will advance
I am back with my line and I started to climb
Welcome to the jam I am rocking again
From my mind and my heart to your body and your feet
I know what you want its that beat from the street
Mr. DJ put the jam up
Pump it up to the night is done
Lets go down, down to they underground
I am kicking your back Bobo is in town
It's a jam and I do what I like
Bring the beat back don't believe to hype
You have your bass in the place together as one
Try to run then you gonna have fun
I know what you want and you want it now
I know what you want when you hear the sound I know what I want, and I want it now
I know what I want, when I hear the sound
I know what I want, and I want it now
I know what I want, when I hear the sound
Everything's alright, alright
And the feel makes me blind
I know what I want, and I want it now
I know what I want, when I hear the sound
I know what I want
I know what I want If you try to be you got to be a king
And give the world you are everything
I'm not the greatest dancer with the fastest tunes

I'm not the fastest rapper that you ever knew
But wait it sounds like a mystery
But no one knows who you really wanna be
Deep in the night I bring you delight
And leave all the troubles by your side
