Roll or Die

Rockit Gaming

Feelin' Frantic
In the Botanic Panic
With the Root Pack jammin'
Now we're feelin organic
Gettin' Full
Eatin' all these vegetables
Potato, an Onion
A carrot lookin' psycho

Goopy Le Grande
Kill you in the first degree
Rest in peace
With a Boss like me
Bouncin' up and down
With a gloppity hop
I'm a slippery slugger
With my boxing gloves

Flappin' those wings
All the way in the sky
I'm a threatening zeppelin
Come on and join the fight
They call me Hilda Berg
I'm on an all time high
Takin' out you Cupheads
Float up on Cloud Nine

Come into my Floral Fury
Gettin' worried
Allergies actin' up
Vision gettin' blurry
Cagney Carnation
Causin' Frustration
Droppin' seeds on top of you
I bring the pollination

Wake us up inside
Cuz the bosses own the night
Says the contract that we signed
Cuz we Roll or Die

Roll or Die
Rollin'
Gamble with our time
Because chances on our side
Will you fold or stack 'em high
Cuz we Roll or Die
Roll or Die
Rollin'

Roll or Die
Roll or Die
Rollin' (x4)

Fightin' souls ever since we've been some tadpoles
Windin' up a punch
Double team 'em take control
Call us Clip Joint Calamity
You'll have to scream Profanity
While stackin' up your losses
You've become another casulaty

Now i won't sugar coat it
I'm the greatest bound to win
Baroness Van Bon Bon
I'm the Candy Queen of Sin
Lackin' chin
I can see it
Other demons gettin' scared
In the Sugarland shimmy man
You better come prepared

You hang around this Pyramid
You're bound to be in peril
Cuz the Genie don't grant wishes
And this puppet's actin feral
Slappin' Cups and Mugs around
You can never take the heat
Master Demon's got you chokin' on the Streak
Always play for keeps

Come into the Carnival
And hang out with the Clown
Beppi doesn't bite
Swear it's safe
So come on down

We've been entertaining Demons longer than you've been alive
Come and see what happens if you take a ride
Take a look inside

Wake us up inside
Cuz the bosses own the night
Says the contract that we signed
Cuz we Roll or Die
Roll or Die
Rollin'
Gamble with our time
Because chances on our side
Will you fold or stack 'em high
Cuz we Roll or Die
Roll or Die
Rollin'

Roll or Die
Roll or Die
Rollin' (x4)

I own the air
Don't you dare try me
Better be scared i got more than just myself in this house
So be aware that
Me and my Son have got this fight on lock
I can see your time in comin'
To an end tick tock

My my my my fire
is a burnin' hot desire
T-t-t-t-take you down as these clouds they take you higher
But know that i got three heads
They're gonna keep you spun
Watch the fire march
Comin' for you off my tongue

Dang you look tasty now
Please don't be hasty
I wanna take you make you mine
Never can leave my hive
Wanna come test me
Gonna try to contest me
I'm the Queen Bee Cuphead

Nothin' can best me

HA HA HA
Captain Brineybeard Here
Only got one eye but i can see your end is near so
Give it your best shot
To this mighty sea rover
Is that all you got
Why don't you wake me when it's over

Wake us up inside (Inside)
Cuz the bosses own the night (Own the night!)
Says the contract that we signed
Cuz we Roll or Die
Roll or Die
Rollin'
Gamble with our time
Because chances on our side
Will you fold or stack 'em high
Cuz we Roll or Die
Roll or Die
Rollin'

Roll or Die
Roll or Die
Rollin' (x4)

Dramatic Fanatic
We're gettin' up on the stage
A Big wave works its way
Third phase of my game
They're runnin' away
Starlet's Rage'll make you afraid
Give me an Ovation
Cuz you starred in my play

Werner Werman here
Call me a murine
My Cannon fires loud
Got shot from a spring
Fire streams burnin' up
Splittin' you at the seams
Final phase a cat
I'm controllin' it's brain

Doctor Kahl is back

I'll turn you to scrap
With my Robot
In the junkyard
Shootin' out bombs
Do your best
Shatter his chest
Heart is a mess
Trust me when i say my Diamond's a real test

Cala Maria
Mermaid of the Sea yeah
Fishes are my friends
They could kill you
In their leisure
Look into my eyes
Chill you down to the bone
It'll petrify you quick
Turn you Cup into stone

Wake us up inside
Cuz the bosses own the night
Says the contract that we signed
Cuz we Roll or Die
Roll or Die
Rollin'
Gamble with our time
Because chances on our side
Will you fold or stack 'em high
Cuz we Roll or Die
Roll or Die
Rollin'

All aboard
The Phantom Express
We're a skeletal mess
You got a bone to pick
Watch your back
On my tracks
Before we turn the heat up
And watch your Cups go crack

You better think twice
Before you roll the die
Cuz you got one life
So you better get it right

I'm a guy in disguise
Wearin' a purple bow tie
With a grin so big
It'll make you go cross eyed

You made it this far
It's been a hell of a time
Remember when i said you'd be free?
Well, i lied
My House now
The Flames they will surround
Get ready for your death
We're goin' deep underground
HAHAHAHAHA.
