Learn To Breathe

Alchema

Sometimes I just wanna run away
From all the things you say to me
Feelin's are okay to me, uh uh
And I just wanna find a place
Where no one sleeps and we're all awake
And take the time to get away, uh uh
I don't wanna play these games
Your strength has helped me make the change
Catch me if I fall from grace, uh uh
And I don't wanna play your games
'Cause lonely was a safer place
Catch me if I fall from grace, uh uh
Take the time to learn to breathe
'Cause some day we're goin' under
When did we all fall asleep?
Won't someone wake us?
Take the time to learn to breathe
Some day we're goin' under
Help us see what's underneath
I'm not here to place the blame
'Cause although we're not, we're all the same
You lit a fire when you called my name, uh uh
And I don't wanna play your games
'Cause lonely was a safer place
You can catch me if I fall from grace, uh uh
Take the time to learn to breathe
'Cause some day we're goin' under
When did we all fall asleep?
Won't someone wake us?
Take the time to learn to breathe
Some day we're goin' under
Help us see what's underneath
I wanna take you, wanna shake you
Wanna make you feel like I do
I wanna take you, wanna break you
Wanna make you know what it's like
I wanna take you, wanna break you
Wanna make you feel like I do
I wanna take you, wanna shake you

Wanna make you know what it's like
I won't fight you, I'm not like you
I wanna make you see what I see
I won't fight you, I'm not like you
I wanna make you feel like I do
I won't fight you, I'm not like you
I wanna make you see what I see
I won't fight you, I'm not like you
I wanna make you feel like I feel
Take the time to learn to breathe
'Cause some day we're goin' under
When did we all fall asleep?
Won't someone wake us?
Take the time to learn to breathe
'Cause some day we're goin' under
Help us see what's underneath
