

# My Body

## Tank

Oh, all night I been puttin' alcohol in your body  
Oh, it's alright, girl, I know how to handle your body Girl, I'm ready when you're ready  
To take your body on a ride tonight  
I'm gon' sit back, you just run the show  
'Cause girl, I'm lettin' you know My body is now your body  
Come and get it and do with it whatever you like  
My body is now your body  
It's incredible and it's available And this body say, come take it  
Everybody be butt naked  
Doin' that up and down, ridin' me out of town 'Cause my body's now your body now  
Get what you need  
Come, make my body your body Oh, all night I been sittin' here touchin' on your body  
Oh, I can't wait to feel it when it comes out your body Girl, I'm ready when you're ready  
To take your body on a ride tonight  
I'm gon' sit back, you just run the show  
'Cause girl, I'm lettin' you know My body is now your body  
Come and get it and do with it whatever you like  
My body is now your body  
It's incredible and it's available And this body say, come take it  
Everybody be butt naked  
Doin' that up and down, ridin' me out of town 'Cause my body's now your body now  
Get what you need  
Come, make my body your body Body, expectin' it, your body, about to get  
Body, hopin' that you're open for an all night here  
'Cause that's what your body's for  
That's what your body's for Oh, it needs to feel touchin' and tuggin' on  
And kissin' and rubbin' 'til I'm blown  
I can't take no more  
It's in your hands, baby, take control My body is now your body  
Come and get it and do with it whatever you like  
My body is now your body  
It's incredible and it's available And this body say, come take it  
Everybody be butt naked  
Doin' that up and down, ridin' me out of town 'Cause my body's now your body now  
Get what you need  
Come, get what you need from this body, baby My body's your body now, baby  
My body's your body now, baby  
My body's your body, my body's your body  
Come, make my body your body My body's your body now, baby

My body's your body now, baby  
My body's your body, my body's your body  
Come, make my body your bodyMy body's your body now, baby  
My body's your body now, baby  
My body's your body
