

# Murder, Tonight, In the Trailer Park

## Cowboy Junkies

Murder tonight in the trailer park  
Mrs. Annabelle Evans found  
With her throat cut after dark  
Her pockets turned inside out  
Her dresser drawers turned upside down  
Anna's neighbor Peg, identifies the body  
Lets out a hollow kind of sound  
Homicide is tying yellow ribbons  
Around her silver AirStream  
Red cherries slashing up the night  
Cutting through that cordoned crime scene  
There's been a murder  
In the trailer park tonight  
Murder tonight in the trailer park  
Pack your things, Ann Marie  
We're heading west  
We're going to make a fresh start  
I've been saving pennies  
Been looking forward to this day  
No time for questions are you coming  
Or are you going to stay?  
Crosstown at the Waterton  
George Evans is sitting tall and tight  
Buying drinks for all the regulars  
Bragging about how them bones  
Danced for him tonight  
There's been a murder  
In the trailer park tonight  
Murder tonight in the trailer park  
Faceless man counting crumpled bills  
Hotel neon fights the dark  
TV set in the corner, they're talking murder  
On the late-night news  
He turns down the sound  
Waits for the sports  
He only wants to know  
Did I win or did I lose?  
There's been a murder  
In the trailer park tonight  
Murder in the trailer park  
There's been a murder  
In the trailer park tonight, yeah yeah  
There's been a murder  
In the trailer park  
Murder yeah yeah yeah yeah yeah yeah  
There's been a murder  
In the trailer park tonight, tonight
