

Livin' Off the Land

Justin Timberlake

[Intro]

You have to be comfortable with yourself because that's all there is

There's you and nature

Soon as you think you got it all figured out, you know, the wilderness will figure some way to teach you a lesson

As I'm alone in the forest, I'm one with my surroundings and there's a lot of peace in that solitude

I'll be a mountain main 'til the day I die[Verse 1: Justin Timberlake & (Timberland)]

(Living off the land)

And I break my back

And I work all night

At times I do all their work too

It don't break my stride

I just keep moving forward

At times I wish there were two

So I have somebody else that could help me help you

[Pre-Chorus: Justin Timberlake]

I'll be damned, sometimes it's hard the backed up the bills on the credit card

She keeps on threatenin' to leave

If you don't get on your knees and repay the money you spent

But like her trust, you got a limit

Sunday, you go to church

Back on your knees and you're tryna' soul search[Chorus: Justin Timberlake]

I'm just a man doing the best that I can

Saint or a sinner, the loser can be a winner with a plan

When you're living off the land[Verse 2: Justin Timberlake]

Why you waste what you ain't got

On that powerball

Has it not quite dawned on you, that don't work at all

See the easy thing to do

Is the hardest thing for you

You just open yourself up

So the truth could come through

[Pre-Chorus: Justin Timberlake]

I'll be damned, sometimes it's hard the backed up the bills on the credit card

She keeps on threatenin' to leave

If you don't get on your knees and repay the money you spent

But like her trust, you got a limit

Sunday, you go to church

Back on your knees and you're tryna' soul search[Chorus: Justin Timberlake]

I'm just a man doing the best that I can

Saint or a sinner, the loser can be a winner with a plan
When you're living off the land[Post-Chorus: Justin Timberlake]
Living off the land
Living off the land
Living off the land[Pre-Chorus: Justin Timberlake]
I'll be damned, sometimes it's hard the backed up the bills on the credit card
She keeps on threatenin' to leave
If you don't get on your knees and repay the money you spent
But like her trust, you got a limit
Sunday, you go to church
Back on your knees and you're tryna' soul search[Chorus: Justin Timberlake]
I'm just a man doing the best that I can
Saint or a sinner, the loser can be a winner with a plan
When you're living off the land[Post-Chorus: Justin Timberlake]
Living off the land
Living off the land[Chorus: Justin Timberlake]
I'm just a man doing the best that I can
Saint or a sinner, the loser can be a winner with a plan
When you're living off the land[Outro: Justin Timberlake]
If you just open yourself (If you just open yourself)
If you just open yourself (If you just open yourself)
If you just open yourself (If you just open yourself)
You'll see, that what you need
When you're living off the land
