

# Trapped (Pitcam.tv edit)

## Dead by April

Try not to wake me'Cause of you, I'm lying awake at night  
But I'm seeing our pictures of you  
As I close my eyes I fade my way  
Into the last of my dream worldIt's a place of trust  
Would you meet me there  
There's no time to spare  
Come and show me you care  
That you're believing that here we can winAll of my dreams, are all I see  
Try not to wake me, can't you see  
All of my dreams, are all I wanna see  
Try not to wake me, try not to wake meTry not to wake me'Cause of you, my tries to not think of you  
They just end up in one million thoughts  
It's way too much to mention  
See what I mean when you see my creationIt's a place of trust  
I can meet you there  
There's no time to spare  
Come and show me you care  
That you're believing that here we can winAll of my dreams are all I see  
Try not to wake me, can't you see  
All of my dreams are all I wanna see  
Try not to wake me, try not to wake meAll of my dreams are all I see  
Try not to wake me, can't you see  
All of my dreams are all I wanna see  
Try not to wake me, try not to wake me  
Trapped inside my own dreams  
I'm not complaining  
Leave behind all I offer your kind  
Here we could disappearAll of my dreams are all I see  
Try not to wake me, let me be  
All of my dreams are all I see  
Try not to wake me, can't you see  
All of my dreams are all I wanna see  
Try not to wake me, try not to wake me  
All of my dreams are all I see  
Try not to wake me, can't you see  
All of my dreams are all I wanna see  
Try not to wake me, try not to wake meTry not to wake me
