

# Walk Behind You

## Bottom Feeders

Oh baby, I see somethin that I like, yeah

Baby I'ma walk behind you  
You got the kind of lovin, make me glad that I'm alive  
Baby you can't deny, you use what you got  
To hypnotise a man like me

I been thinkin, all day long  
No I ain't gonna play, you show me what I need  
Every time you walk away  
And it picks me up today, and it shakes my blues away

Cause I been workin and when my work is through  
I don't have the time for no romantic rendezvous  
Don't know about no future, don't care about no past  
Baby I'm right behind you, checkin out your ass

Baby I'ma walk behind you  
If you're walkin down the hall or dancin to the radio  
Baby let me remind you  
You'll need a man like me to make you feel good inside

There's a time for every purpose and honey I got one for you  
I don't mean to brag but I'm good at what I do  
Baby I think it's time you, let me grab ahold of that thing that you been showin me

I been workin and when my work is through  
I don't have the time for no romantic rendezvous  
Don't know about no future, I don't care about no past  
Baby I'm right behind you, checkin out your ass

Baby I'ma walk behind you  
Let me see you shake it please cause it drops me to my knees  
You've got the body that proves that God's a man  
Poured in a pair of jeans and blessed with his own hand  
I'm sorry you has to go now, I know you're time ain't free  
But you think your little sister might wanna drink with me?

I been workin and honey my work is through  
I don't have the time for no romantic rendezvous

Don't know about no future, give a damn about no past  
Baby I'm right behind you, checkin out your ass
