

# Animal Nitrate

## The Camden Towners

Like his dad you know that he's had  
Animal nitrate in mind  
Oh, in your council home he jumped on your bones  
Now you're taking it time after time Oh, it turns you on, on  
Now he has gone  
Oh, what turns you on, on  
Now your animal's gone Well he said he'd show you his bed  
And the delights of his chemical smile  
So in your broken home he broke all your bones  
Now you're taking it time after time Oh, it turns you on, on  
Now he has gone  
Oh, what turns you on, on  
Now your animal's gone What does it take to turn you on, on  
Now he has gone  
Now you're over 21  
Now your animal's gone Animal, he was animal, an animal  
Animal, he was animal, an animal  
Animal, animal, he's just an animal, an animal Animal he was animal, he's just an animal  
Animal, he was animal, he's just an animal  
Animal, he was animal, he's just an animal
