

# Big Music

## Simple Minds

Give me the songs that made me exterdy.

Big Music!

Give me the tunes that keep me from romantic.

Big Music!

Say me the songs that keep my world turning.

Big Music!

Teach me the words that wont me keep lovin.

Big Music!

You can search through time, in your fantasy.

But you will not find, secret how to play.

Big Music!

Still feel music.

Strange music.

This is big music!

Give me the tunes the ones with tha brasplay.

Big Music!

Turn up the the base that brings the fantasy.

Big Music!

Ring up calls that make the serten.

Big Music!

Living on lie until it starts hurting.

Big Music!

You can search through time, in your fantasy.

But you will not find, the secret how to play.

Big Music!

Still feel music.

Strange music.

This is Big Music.

Little Big music.

Little Big Music.

Live a life music.

Little Big music.

Big Music!

Big Music!

Big Music!

You play to a song that made me exterdy.

Big Music!

Play me the tunes that make em romantic.

Big Music!

Sing me the songs that keep my world turning.

Big Music!

Teach me the words that once keep learning.

Big Music!

Big Music!

Live a lot music.

This is big music.

(Fades out) Can you hear the song?

Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
