Blue Light

Ultravox

I thought I'd take the slide
I thought I'd be alright but when the details swam
Another door got jammed
Someone took the hand
And we were out slow dancingIn the blue light, blue light
In the blue light, blue light
In the blue light, blue light
In the blue light, blue light
Blue light, blue lightThere was a crowd below
Swanning in the glow, all the paste it shimmered
In the swimmer's glimmer
It was a sticky summer
And I was diving underThe blue light, blue light
In the blue light, blue light
In the blue light, blue light
In the blue light, blue light
Blue light, blue lightWell, nothing drove out behind me, I was so glad
Even the walls were turning roundWell, someone said there was something wrong
But I couldn't quite put my finger on itWhat the, well, I thought I heard
And I tried to, then we were just divingIn the blue light, blue light
In the blue light, blue light
In the blue light, blue light
In the blue light, blue light
Blue light, blue light
