

Ester's Day

Guided by Voices

 jimmy was a fly
 got sucked in by an actor
 and wrapped in a cocoon
 and skin-tight buffoonery
now here's the plan...scene from ester's day
 of running backward courses
 with a horse of different forces
 lying wings of films
 that seem to never see the screen
 couldn't bear to face their dreams
 down and out
 couldn't bear to shout it outbrought up on the road
 a sparkle shiny diner
 is the home for wayward minor
 in a flying car that seems
 to whisper in an ear
 let's just go get out of here
 down and out
 couldn't bear to shout it outdown and out
 couldn't bear to shout it out...
